

Heart Congress  
Sept 09-10, 2019  
Osaka-Japan

# GLOBAL HEART CONGRESS

September 09-10, 2019

Osaka-Japan

## Tentative Scientific Program

### Collaborators & Media Partners

### Day 1: September 09, 2019

08:00-09:00

Registrations

ANA Crowne Plaza Osaka

09:00-09:25

Opening Ceremony & Group Photo

### Keynote Forum

09:25-09:30

Introduction

09:30-10:15

**Title:** Primary aldosteronism: A common and cardiovascular complications related hypertension  
**Fumitoshi Satoh**, Tohoku University Hospital, Japan

### Networking Break 10:15-10:30

10:30-11:15

**Title:** Involvement of Oxidative Stress in Cardiac Arrhythmogenesis: Findings in a Mammalian Hibernator (Woodchuck)  
**Lai-Hua Xie**, Rutgers University-New Jersey Medical School, USA

Sessions:

**Cardiologists, Cardiovascular Diseases, Heart Regeneration, Cardiac Surgery, Heart Transplant, Pediatric Cardiology**

Session Chair: **Fumitoshi Satoh**, Tohoku University Hospital, Sendai, Japan

11:15-11:45

**Title:** Complete bifurcation coronary stenting after Incomplete percutaneous coronary revascularization ballon angioplasty in patient with STEMI in stent era  
**Haji Ruhullah, MD.**, Medical Center Medicap, Ukraine

11:45-12:15

**Title:** Buddy Wire Technique In Acute Coronary Syndrome For Calcified Vessels : A Single Centre Case Series Of 20 patients  
**Arvind Yuvaraj Narasimhan**, Meditrina Hospital, India

12:15-12:45

**Title:** Multi-scale engineering modelling of stem cell graft and host cardiac myocytes  
**Jin Yu**, Air Force Medical University, China

12:45-13:15

**Title:** Effect of Kelor Leaf Extract (Moringa oleifera, Lam.) on Histopathological Structure of Aorta from Hypercholesterolemia Rat Model (Rattus norvegicus)  
**Zumrotul Ayu Ningtyas & Daffa Sadewa**, University of Sebelas Maret Surakarta, Indonesia

Lunch Break 13:15-14:00

<b>Sessions:</b> <b>Clinical Cardiology, Molecular Cardiology, Heart Failure, Heart Stroke, Cardiac Rehabilitation, Hypertension</b>	
<b>Session Chair:</b> <b>Lai-Hua Xie</b> , Rutgers University-New Jersey Medical School, USA	
<b>14:00-14:30</b>	<b>Title:</b> Reversibility of the calcium-mediated mitochondrial permeability transition tested by a new method: flow mitometry (direct flow cytometry to energized mitochondria). Exploring the physiology of ischemia-reperfusion <b>Emilio Montes-Isunza</b> , ISSSTE Centro Medico Nacional 20 de Noviembre, Mexico
<b>14:30-15:00</b>	<b>Title:</b> Calculations and Measurements of Cardiac Hemodynamics <b>Samah Salah Alasrawi</b> , Al Jalila Children Hospital, UAE
<b>15:00-15:30</b>	<b>Title:</b> Cardiovascular changes in athletes <b>Umayman Abdelkareem Yagoub</b> , AL Zaiem Al Azhari University, Sudan
<b>15:30-16:00</b>	<b>Title:</b> Laminin Promoted Cardiovascular Progenitors For Heart Repair <b>Lynn Yap</b> , Duke-NUS Medical School, Singapore
<b>Networking Break 16:00-16:15</b>	
<b>16:15-16:45</b>	<b>Title:</b> Fetal cardiac interventional therapy for PA/IVS in China <b>Silin Pan</b> , Qingdao Women and Children's Hospital, China
<b>16:45-17:15</b>	<b>Title:</b> Transcatheter or Surgical Pulmonary Valve Replacement in Congenital Heart Disease Patients with Ventricular Outflow Tract Pathology: A Meta-Analysis and Systematic Review <b>Indra Utami</b> , Harapan Kita Hospital, Indonesia
<b>17:15-17:45</b>	<b>Title:</b> A Rare Fatal Acute Cardiac Post-Operative Extrapleural Pneumonectomy (EPP) Complication <b>Nora Ismail Abbas</b> , Cairo University, Egypt
<b>17:45-18:00</b>	<b>Poster Presentation &amp; Certificates Distribution Ceremony</b>
<b>Day 1 Concludes</b>	

<b>Day 2: September 10 2019, Sessions Continued</b>	
<b>09:30-10:15</b>	<b>Title:</b> Postoperative Thyroid Function Status in Children Undergoing Cardiac Surgery for Congenital Heart Disease <b>Kazi Zahidul Hoque</b> , Dhaka Shishu (Children) Hospital, Bangladesh
<b>10:15-11:00</b>	<b>Title:</b> Volumetric Overload Shocks: Why is Starling's law for capillary interstitial fluid transfer wrong? The hydrodynamics of a porous orifice tube as alternative. <b>Ahmed N. Ghanem</b> , Consultant Urologist, Egypt.
<b>Networking Break 11:00-11:15</b>	
<b>Sessions:</b> <b>Cardiovascular Nursing, Cardiovascular pharmacology, Cardiac Devices, Diagnosis of Heart Diseases, Artificial Intelligence in Cardiology</b>	
<b>Session Chair:</b> <b>Kazi Zahidul Hoque</b> , Dhaka Shishu (Children) Hospital, Bangladesh	
<b>11:15-11:45</b>	<b>Title:</b> Association of Apo-E Gene Polymorphism with Lipid Profile in Patients with ACS in Han Chinese

	<b>Abdul Qadir Nawabi</b> , Zhongda Hospital Southeast University Nanjing, China
<b>11:45-12:15</b>	<b>Title: - New technique in cardiac surgery</b>
	<b>Medaguine Houssameddine</b> , University derhjavine of tambov, Russia
<b>12:15-12:45</b>	<b>Title: - The discourses about the pathogenesis of primary arterial hypertension: high blood pressure communication with circulation in the blood and tissues of HSV-1</b>
	<b>Mirzoeva Tomiris</b> , Educational and Clinical Center for Family Medicine, Tajikistan.
<b>12:45-13:15</b>	<b>Title: - Increasing the solubility of Pioglitazone in the intestinal fluids by solid dispersion technique</b>
	<b>Mohammad Ali Darbandi</b> , Nafas pharmed pharmaceutical company, Iran
<b>Lunch Break 13:15-14:00</b>	
<b>Sessions:</b>	<b>Case and Reports on cardiology, Advancements in Cardiology, Cardologic Medical Technology Market</b>
<b>14:00-14:30</b>	<b>Title:</b> Application of double-wire technique in interventional treatment of neonatal severe pulmonary stenosis
	<b>Gang Luo</b> , Qingdao Women and Children's Hospital, China
<b>14:30-15:00</b>	<b>Title:</b> Transcatheter intervention in a child with hereditary spherocytosis and atrial septal defect: a case report
	<b>Zhanhui Du</b> , Qingdao University, China
<b>Speaker Slots are Available</b>	
<b>B2B Meetings</b>	
<b>Award Ceremony</b>	
Please note that this is a tentative program. Timings in this program are subject to changes
